Updates

- TEXMIS is extinct – can 'hang' flat files
- <u>Informal</u> request for help in determining products' currency sent 18 Jun (no suspense, voluntary effort for proponents)
- Currently updating with 445 CATS from AKO
- KCC established and tested to receive updated products from proponents

What's Next?

- Receive updates on product currency from proponents (voluntary participation)
- Send 'New Product Upload POCs' AKO userids to me (michael.souliere@us.army.mil)
- Continue to update RDL based on proponents' input
